Here's what one man says: R. B. Long, harness maker, employed with John Clark & Son, 164 Front street, Portland, who resides at 348 Sec ond street, same city, says: "Early last summer I broke out all over with body eczema tetter or itch. I did not know just what it was nor what caused its appearance, but I do know that the tor ture I endured was something fierce. I was very much alarmed about it, was anxious to know what it was and what caused it. I thought the best thing to do was to go to a doctor for treatment, I did so and was treated by different ones but they failed to do me any good When I became the least bit overheated I just fairly clawed the skin off me. Anyone who has never had anything of the kind knows nothing at all about it. I was in bad shape when I noticed Doan's Ointment being a sure cure for such afflictions. I said to myself: 'there's another fake, but I'll try it.' It proved to be all that is claimed for it. Less than two boxes made a complete cure in my case. About this time my younger brother was taken with the same affliction. A box and a half of Doan's Ointment cured him. I know giad to give you additional informathe same affliction.
